<b>Clarification 3</b>	<p>Mauri</p> <p>Thank you for the opportunity to review and respond to the Request for Quotation (RFQ) for EQU-01 and I hope it's not too late for your help</p> <p>We have already submitted our initial documentation for your review. However, upon a closer final evaluation of the package, we noticed that the financial component / pricing template (such as the cost breakdown structure or budget guidelines) was not included in the original request.</p> <p>To ensure our proposal is fully compliant and accurately reflects your financial requirements, we would like to request the following:</p> <p>Access to the Financial Guidelines: Could you please provide the standard pricing template or specific financial instructions required for this bid?</p> <p>Approval to Resubmit: May we have your approval to temporarily withdraw or disregard our previously sent document so that we can integrate the missing financial details and submit a single, complete package?</p> <p>Please let us know if this is acceptable and if the current submission deadline remains 19th June 2026.</p>
<b>Response 3</b>	<p>Please refer to Attachment 1, Supply and Delivery Schedule of the as-issued RFQ for the pricing template. You can also withdraw the initial submission and resubmit before the deadline for the quotation submission date and time. Kindly mark clearly the new submission as your final and official submission.</p>
